

Accountancy Europe Webinar Small In Size, Big in Impact: Can NFI work for SMEs?

How can non-financial information (NFI) reporting work for SMEs?

SMEs are increasingly required to provide NFI reports, which is a heavy administrative burden, even though these are not yet demanded by legislation. These NFI requests come from their supply chains, banks or as part of public procurement. The webinar will discuss the challenges and opportunities for SMEs and present solutions to help SMEs cope.

ACCA, Accountancy Europe, EACB and SME United are organising a webinar on 19th November from 10:00 – 11:30 dealing with this.

Speakers:

- **Alain Deckers**, DG FISMA, European Commission (tbc)
- **Lara Wolters**, MEP S&D/Netherlands
- **Luc Hendrickx**, Director, SME United
- **Bouke de Vries**, Chair of EACB SFWG, Rabobank
- **Paul Gisby**, Senior Manager, Accountancy Europe moderator Aleksandra Zaronina-Kirillova, Head of SMEs Affairs, ACCA
